| <p>★★★★★★</p> <p>I feel like a different person. My anxiety is gone, I wake up every day with a cheerful attitude, and feel almost unflappable. My husband recently told me that I am "more playful". We are in Hawaii on vacation and had to jump through a lot of hoops to get here and I stayed calm throughout which would NOT have happened in the past. I have been depressed and anxious for so long that I had forgotten what it feels like to feel happy and calm. I would strongly recommend TMS to anyone struggling with depression and anxiety. I also realized that I had OCD behavior that I was completely unaware of. An example is I used to brush my teeth 8 to 10 times a day and now it's three or four. I am excited to see how my life will blossom with this new brain and attitude!</p> | <p>★★★★★★</p> <p>"I love Olympia TMS. | <p>★★★★★★</p> <p>"Fantastic. Never received better services and understanding. On days I didn't even want to get out of bed due to anxiety, the technicians would talk to me on the phone and get me to my sessions. I didn't have positive reactions to medications and TMS created (thus far) 7 months of so-so-ambiguity."</p> | |
